

LINECARD

Experts in electronic components distribution

ELECTROMECHANICS & INDUSTRIAL | ELECTRONICS | WIRELESS COMMUNICATION - IoT | ENERGY STORAGE

About Eurotronix

With more than 37 years of history, we are **experts in the distribution of electromechanical and electronic components.**

We also offer solutions in **wireless communication systems - IoT and energy storage.**

Together we work as a team

Local distribution leaders
Eurotronix turnover: 19.7 M€
Team of more than 40 people

We are a **strategic partner to optimize costs**

Product Managers and Field Application Engineers support

Own warehouse, security stock and a multilingual team

+60 world leading manufacturers

Sales team

Eletromechanics

Relays

Signal | Bistable | Power | PCB Industrial | Sealed | High voltage | Automotive | Solid state | Relay sockets

Connectors

Modular connectors | Power | High density | Flexible band | Flat cable | Strip of pins | Coaxial | Sockets

Terminal blocs

Screw | Clamp | Quick connection

Wire harness & cable assemblies

Coaxial | Structured | Ethernet | FFC | Telephone | Flexible band cable | Flat | Network cable assemblies | Wire harnesses

Switches

Tactile | Slide | PCB mont pushbuttons | Micro switches | Rotating | DIP switches | Rocker

Sound components

Alarms and bells | Speakers | Microphones | Buzzers | Electrets

Products Limited

Eurotronix added value

High level of customization

Product Manager with more than 25 years of experience

Design and assembly of custom wiring

Electrical and mechanical verification

Electronics

Semiconductors

Power Modules | DC/DC & AC/DC Converters | Motor Drivers | LED Driver | Current and angle sensors | Storage Management System (BMS) | Diodes | BJT transistors | MOSFETs | Rectifier Bridges

Microcontrollers

Microcontrollers based on ARM Cortex M0+, M3, M4 32-bit microcontrollers with FPU capability | Multitude of M2M peripherals

Capacitors

MLCC | Electrolytic | Polymer | Film | EMC (X2, Y1, Y2)

Magnetics

Inductors | Transformers | PFC-Chokes

Resistors

Automotive | Thin Film | MELF | Current Sensing | Metal Low Ohm | Thick Film | Leaded Resistor | Wire Wound Power Resistor | Power Resistor

Power supply

Modular DC/DC Converters | AC/DC Power Supplies for PCB | AC/DC adapters

Electronic protection

Varistors | NTC / PTC / PPTC | Gas Discharge Tubes (GDT) | Anti ESD | TVS

Optoelectronics

Displays with different technologies: LED, LCD, OLED, TFT & alphanumeric | Discrete LEDs: IR, RGB, UV | Optocoupler

Eurotronix added value

High level of customization

Electronics Field Application Engineer

Engineering department offering tailor-made solutions

Internal laboratory with climatic chamber for temperature and performance tests

Wireless communication - IoT

Antennas

Internal and external antennas | All connections: connector, adhesive, magnet, etc | Wireless technology IRIDIUM, 5G, 4G LTE, GNSS, WiFi and others

Connectivity

SIM | 2G/3G/4G/5G | NB-IoT | LTE-M

Wireless modules

Bluetooth | Wi-Fi | 2G/3G/4G/5G | NB-IoT | LoRa | GPS-GNSS | LTE-M | ZIGBEE | Sigfox

Eurotronix added value

- Assistance and advice in programming of wireless modules
- Custom antenna testing and prototyping
- Samples and development kits for the design phase
- Field Application Engineer of wireless communication-IoT

Energy storage

Primary batteries

Lithium | LiMnO₂ | LiSoCl₂

Secondary batteries

Ni-Dc | Ni-MH | Li-ion | LiPo | LFP | LTO

Supercaps

EDLC | LCC

Eurotronix added value

Advice and support from Field Application Engineers during the design process

UNIBAT waste management

Samples for designing process

In-house laboratory for performance and temperature testing

Industrial

Relays

Industrial relays | SSR | Contactors | DIN rail relays

Connectors

Circular | Heavy duty | EV charger

Terminal blocs

DIN rail | Panel feed-through

Switches

Panel push | Selectors | Emergency push-button

Embedded systems

Panel boxes | DIN rail boxes | Aluminum boxes

Low voltage systems

Contactors | Circuit breakers and switches

Eurotronix added value

High level of customization

Product Manager of industrial components

Design and assembly of custom wiring

Samples for designing process

Main suppliers

World leader in the relays industry
www.hongfa.com

European manufacturer of industrial relays
