ABOUT XIAMEN

- Location: Xiamen, China
- Xiamen Harbor: No. 17 in the world
No. 8 in China
- Xiamen International Airport

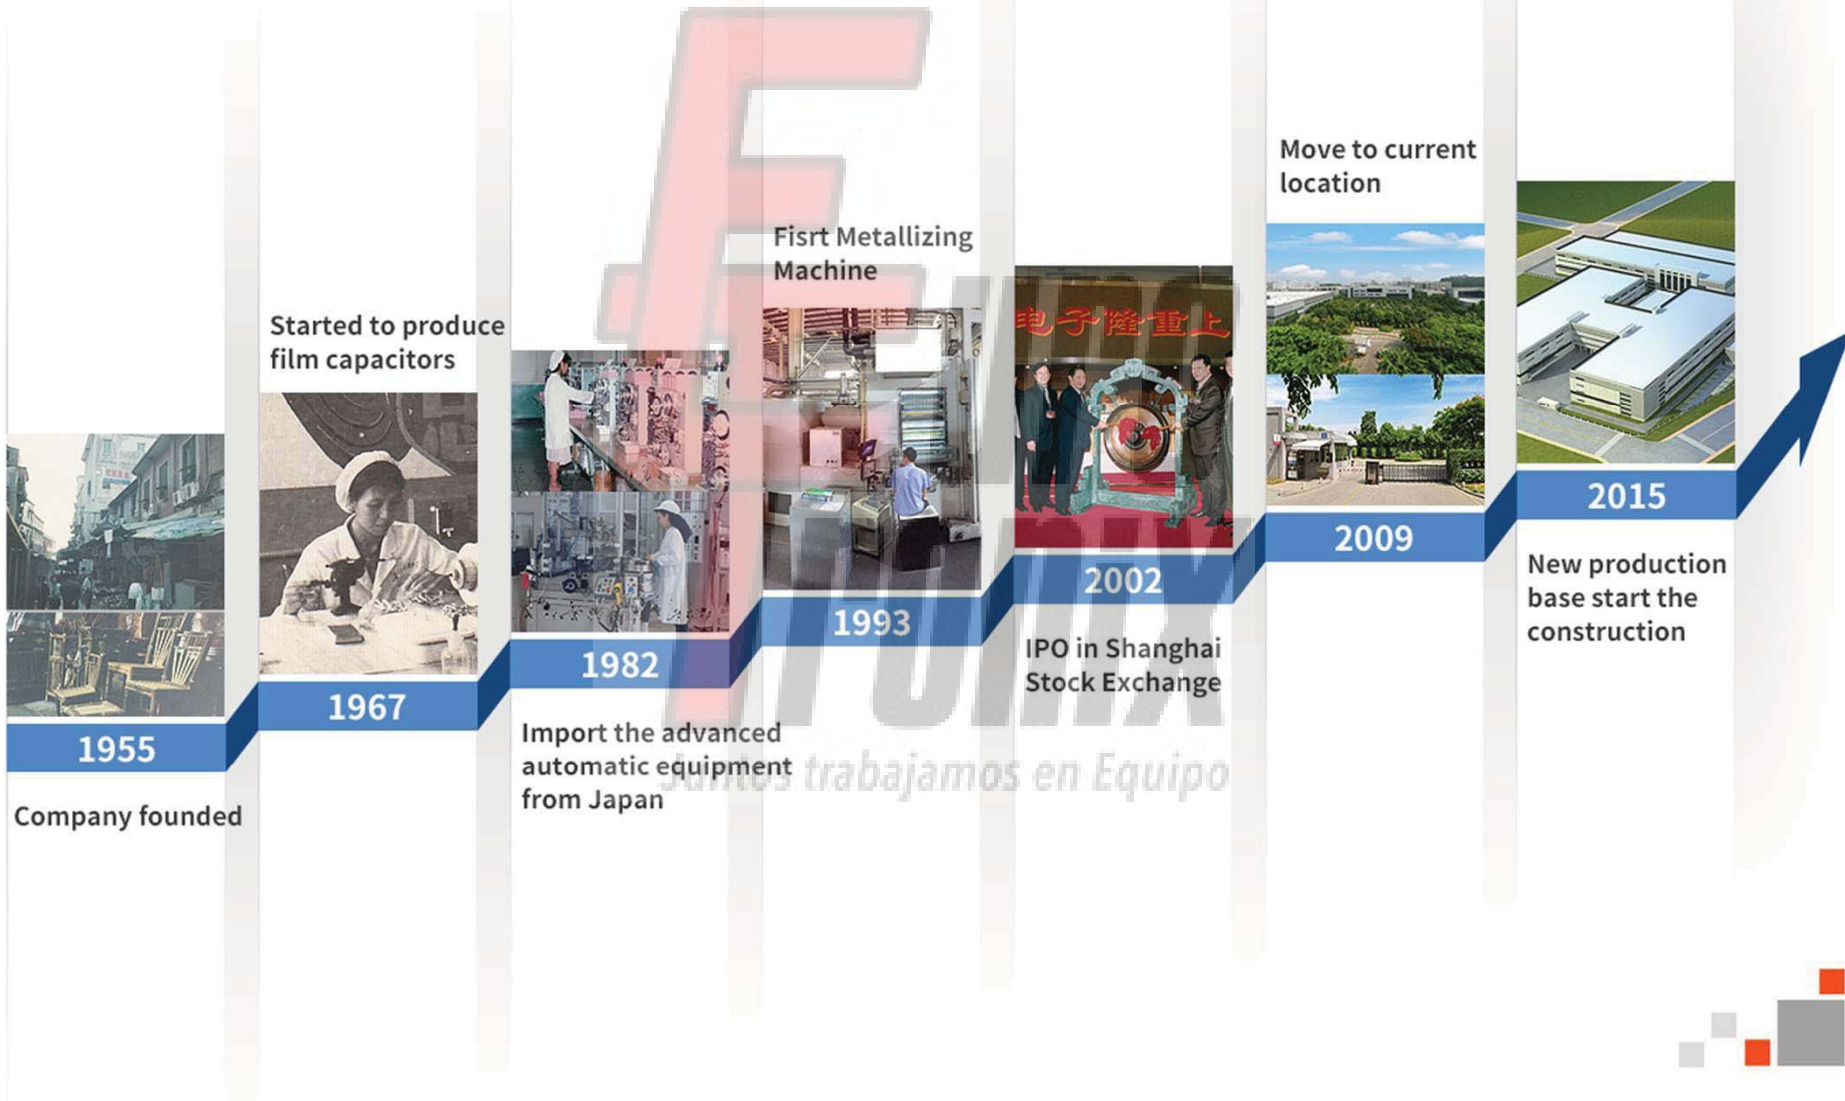

INTRODUCTION

Professional Film Capacitors Manufacturer in the world.

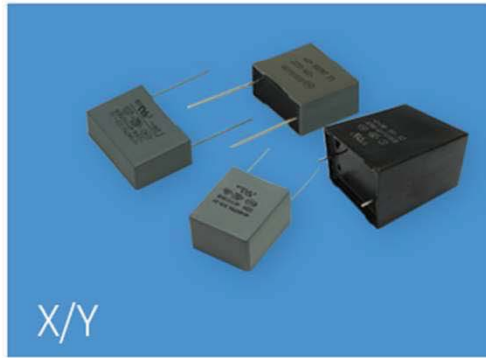

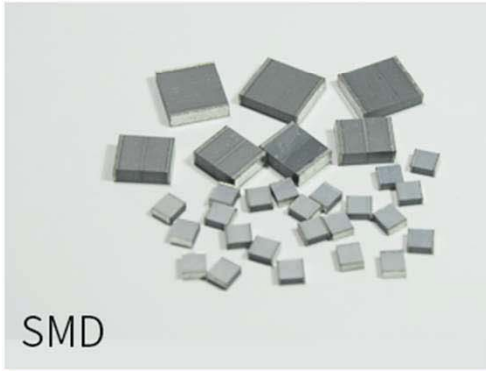

- Establish date: May, 1955
- Employee: 3000
- Ground Area: 228,000 sq. meters
- Total Asset: 378 million USD

MILESTONE

PCB film capacitor

Main Application

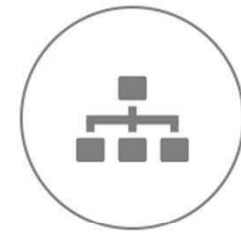

Automotive

Lighting

Consumer

Telecommunication

Juntos trabajamos en Equipo

AC film capacitor

AC Motor Capacitor

Capacitor for Lamp

Main Application

White goods

Outdoor Lighting

METALLIZED FILM

- 13 metallizing machines (2 planning in 2018)
- Output: 4000 tons per year

Full Series of Metallized Film

PRODUCTION SCALE/CAPACITY

Capacity ☒

- One of the biggest film capacitors manufacturer in the world

R&D

- 10,000 square meters.
- One of the biggest film capacitors testing center in the world.
- 50 professional R&D project managers.
- More than 3% of sales revenue in R&D investment.
- Good cooperation with Universities.
- ISO17025 Certification

R&D

Advance testing equipment and measurement instruments for film capacitors and raw material.
